

Title: The missing teacher?!?!?
by:Emmett Grimshaw

Do you wish something peculiar would happen at school?Well this always happens to these triplets.They are three kids Timothy,Jimmathy,and Dawn.They are all walking to school.They put all of their stuff in their locker.

"Uhh school is so boring," said Dawn."Well we have to disagree!"replied Timothy and Jimothy.They walk into class but wait the teacher is missing?"We have to find him" said Dawn."Yah!!" yelled Timothy and Jimothy.

One of the students said " The teacher got abducted by aliens."So the triplets go home to their rocket ship then go to space.They get more and more nervous as they get closer and closer to the ship.Then they go in to the ship and save the teacher.They blow up the ship.After school they get no school for two years and they get to skip two grades."YEEEEESSSSS!!!!"Seemed the triplets.

From Emmett: I hope you enjoyed the story and stayed awesome.
